

When You Just Can't Leave Them Behind

An hour drive from mainland Florida, you'll find Islander Resort, a Guy Harvey Outpost – a classic Florida Keys getaway, where the whole family, including your pet, is welcome.

You and all your kids will love our beautiful oceanfront resort that boasts, a pristine private beach, as well as two oceanfront swimming pools, a hot tub, shuffleboard, volleyball and a lighted, 200-foot fishing pier with amazing views of local marine life. It is the home to Guy's Beachside Bar & Grill. For longer stays or little more elbow room, you may want to consider our self-catering two-bedroom bayside townhomes featuring a gulf front pool, beach, picnic area and a 14-slip marina basin. All Islander accommodations offer full kitchens and complimentary wireless internet. We never charge resort fees.

Islamorada, "the sportfishing capital of the world," is also a great place to hang out with the hounds. Take your pooch for a daily romp at Founder's Park or Anne's Beach and let us suggest a few local pet hot spots.
