

A Hands On, Feet Wet Learning Adventure

Learn about sharks, reef fish, lionfish, coral reef restorations, sea turtles and more!

The Marine Science Camp is an unforgettable marine and environmental education based learning experience designed for children, adults and families. Campers experience what it is like to be a marine scientist out in the field, learning about and exploring the life found in and around the Florida Keys. Beach attire and water shoes are suggested.

Approximately 1 hour beginning @ 2pm

December 6, 20, 27 | January 10, 17, 31 | February 7, 14, 28 | March 13, 27
